

DATA SCIENCE TALENT DAY

PC Ballroom West • Wed, Oct 12 2022, 9am-1pm
Virtual (gather.town) • Thurs, Oct 13, 2022, 10am-1pm

Data Science Talent Day is UC San Diego's annual recruiting event specifically dedicated to data science talent at UC San Diego. The two day event is hosted by the Data Science Student Society (DS3) in partnership with the Halicioğlu Data Science Institute as well as Diversity in Data Science (DDS), and provides employers with a unique opportunity to meet, network, and recruit hundreds of our top-quality aspiring data scientists - from the largest data science organization in California - who are seeking internships and job opportunities.

We look forward to having you there!

TIERS

In-person

- Physical company booth
- Targeted 1:1 student networking
- Résumé Book of participating students

\$400

Virtual

- Virtual Employer Booth:
 - Host live conversations
 - Share opportunities
- Résumé Book of participating students

\$200

Both

- Attend both virtual and in-person events
- Résumé Book

\$500

REGISTER HERE (tinyurl.com/talentday2022)

Payments can be made to the **Data Science Student Society Operation Fund** at **UC Giving**
Type "Data Science Student Society" under "Search for more giving options..." and select "Data Science Student Society Operation Fund"

All proceeds will go towards DS3 in supporting their programs and initiative that support the academic endeavors of the data science student community.
Please reach out to our Industry Relations Specialist, Kelly Jensen at kbjensen@ucsd.edu for questions.

ABOUT US

UC San Diego's Data Science Student Society (DS3) is the premier interdisciplinary academic organization designed to immerse the community in the diverse and growing facets of data science: machine learning, computational statistics, data mining, visualization, predictive analytics, and other emerging relevant fields of study.

With practical hands-on data projects, a professional portfolio-building approach, and fun outreach activities, DS3 strives to enrich the academic life of the student community by strengthening them for success in their current and future pursuits of Data Science related fields.

Diversity in Data Science

Diversity in Data Science (DDS) is a tight-knit, cross-cultural student-society and non-profit organization with the purpose of building a community for under-represented students while promoting diversity within the realm of data science.

Founded in Spring of 2021, DDS works to create and promote a welcoming learning environment for UCSD undergraduates regardless of race, ethnicity, religion, gender, sexual orientation, disability, class, and age.

UC San Diego

HALICIOĞLU DATA SCIENCE INSTITUTE

The Halicioğlu Data Science Institute (HDSI) is an independent academic unit at UC San Diego dedicated to advancing the power of data science to help solve some of the world's most pressing problems. At HDSI, we are educating students in the latest data science techniques, connecting 200 faculty members across academic departments to advance research, and collaborating with industry partners. HDSI is home to one of the nation's largest data science undergraduate major programs with over 1000 students, as well as a robust industry partnership program, allowing companies to connect with talent, research, faculty, and continued education.
